## about us

### Ngaimpe Aboriginal Corporation and The Glen

In 1994 Ngaimpe Aboriginal Corporation was registered and since that date has been an example of the triumph of the Koori Spirit and how we can make our dreams come true.

Our program is based on indigenous values and spirituality, group work, counseling, outdoors work and outside agencies.

The Glen operates a residential drug and alcohol rehabilitation centre located at Chittaway on the NSW Central Coast.

The program at The Glen is a minimum 12 week program.

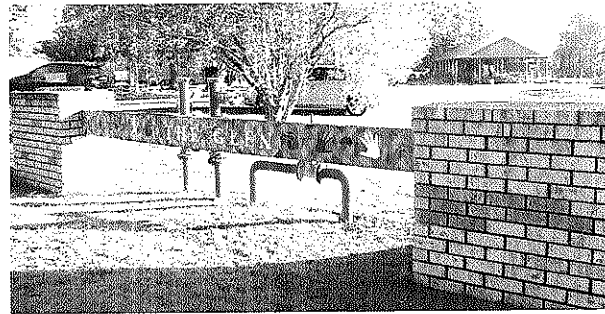

Our transitional house program located on site at Chittaway caters for clients who have completed the residential rehabilitation component of our program.

At the Glen we enable men who have lost control of their lives through substance abuse to return to their families and the community as a whole as functioning members.

The Glen does not accept anyone on any mind or mood altering substances.

To apply to become a resident at The Glen go to [www.theglencentre.org.au](http://www.theglencentre.org.au) and fill in the online application form. Staff will call you back within next business day.

Chittaway office operates between  
8am-3pm daily.

## the program

The program at The Glen is a holistic abstinence based program that includes:

Daily group sessions, nightly AA or NA meetings, parenting courses, work program, sporting outings, literacy tutoring (if required), camping trips, education sessions and parenting courses

Also available to those who need it are professional assistance with:

- Grief Counselling
- Gambling Counselling
- Sexual abuse Counselling
- Financial Counselling
- Parenting Program
- Psychologist

The Glen aims to empower clients to see that they have options in life and help them in breaking the cycle of addiction.
