

ABOUT US

Ngaimpe Aboriginal Corporation and
The Glen for Women

In 1994 Ngaimpe Aboriginal Corporation was registered and since that date has been an example of the triumph of the Koori Spirit and how we can make our dreams come true.

The Glen for Women operates a residential drug and alcohol rehabilitation centre located at Wyong Creek on the NSW Central Coast.

The program at The Glen for Women is a minimum 12 week program.

At the Glen for Women we enable women who have lost control of their lives through substance abuse to return to their families and the community as whole as functioning members.

The Glen for Women Rehab Centre

For the community...built by the community

THE PROGRAM

The program at *The Glen for Women* is a holistic, trauma informed, culturally safe program that includes: Group counselling sessions, purposeful life skills, sports, cooking, personal training, parenting programs, AA & NA Meetings, community work and education.

Our programs are client focused and we provide support to those who need it to access the following support services:

- **Grief and trauma counselling**
- **Financial counselling**
- **Relationship counselling**
- **Gambling counselling**
- **Psychology support**

The Glen for Women will empower our women and offer them the skills to leave the program with a sense of purpose and fulfilment.
